

In addition to our dedicated medical advisory board, board of directors and volunteers, we would like to thank all of our supporters, who have given donations of time, talent, partnership and funding for the Foundation's essential initiatives. You are all helping us to fulfill the mission of the FPIES Foundation-- to provide tools for education, support, and advocacy.

Thank you for helping us to build a strong Foundation for the entire FPIES community, one brick at a time.

Your support has been instrumental in helping us to create programs and deliver initiatives to the global community of families as well as the medical and scientific communities! Your contributions at work for 2016 resulted in:

Because of your gracious donations, including the generous giving of resources and time, we were able to fund necessary programs for this year and continue to initiate the process of creating future ongoing programs, helping families and professionals for years to come:

The FPIES Foundation
