

Educational In-Service: FPIES Literature Request

For schools, daycares, hospitals, clinics and community organizations seeking to educate staff members about FPIES

If you are planning an in-service or would simply like some awareness materials to be available for ongoing staff education, these materials will help you to better inform staff about FPIES.

Please check all that apply. Large volume requests may require up to a month for processing-- please let us know when you require the resources requested. We are happy to provide physical copies by mail and/or downloadable files that can be received via email attachment.

- (a) “What is FPIES?” rack cards, English
- “What is FPIES?” rack cards, Spanish
- “What is FPIES?” rack cards, French
- (b) FPIES “Did You Know?” Community Awareness Cards, English
- FPIES “Did You Know?” Community Awareness Cards, Spanish
- (c) FPIES Acute Reactions: Identifying Shock
- (d) FPIES Acute Reactions set of three small posters: identifying dehydration, identifying compensated shock, identifying decompensated shock
- (e) “Awareness is ACTION” downloadable brochure
- (f) For Schools: Raising FPIES Awareness Worksheet (*includes a list of examples of food-free school events*)
- (g) For Schools: FPIES in the Classroom Worksheet
- (h) Parent-Teacher Communication Log worksheet
- (i) Coping Strategies Worksheet
- (j) a 504 Planning Checklist (** often, children diagnosed with FPIES require a 504 document in order to best outline accommodations)

I would like to request the above marked forms/documents. I accept and understand that these materials are provided for educational purposes by The FPIES Foundation, and any and all materials are the intellectual property of The FPIES Foundation, and may not be altered in any way.
